

Saving Energy

What can you do?

Renewable Robbie made a list of different ways he could save energy. Can you think of anything else?

Write any ideas into this box below:

Work in groups

Renewable Robbie thinks it is very important to try to save energy. He wants you to get into groups of 3 or 4 people. Get a big piece of paper and crayons.

You will work together to make a poster to try to convince people to save energy. Use the energy saving ideas Renewable Robbie came up with as well as your own ideas to make a big poster.

When you have finished, show the rest of the class your posters.

**Renewable Robbie says good luck
and he is sure they will be great!**
